

**Don't waste
£76bn on
nuclear weapons**

**INVEST IN
EDUCATION!**

WWW.STUDENTCND.ORG

Dear MP

I urge you to vote against the government's proposal to replace Trident with new nuclear weapons.

Replacing Trident will do nothing to increase our security, threatens the lives of hundreds of thousands of innocent people and could cost up to £76bn.

This money would be better spent providing free education or tackling the real threats of climate change and global poverty.
