

# Students for peace and justice!

An activist dayschool:

- Kick the military off campus!
- Kick the arms trade off campus!
- No to war and occupation!

Sheffield University

Wednesday 11 March 12.30-5pm

Admission FREE

With wars in Iraq, Afghanistan and Palestine raging and further violence threatened, students are uniting to oppose war and reverse the destructive militarisation of our campuses. Arms companies and military recruitment have encroached on our universities and colleges. It's time to tell them that there is no place for war in education – only peace and global justice can solve the challenges the world faces.

*Join an inspirational array of speakers to debate the way forward.*
